## Elon Trump (ET) - The Ultimate Meme Coin Revolution

### Abstract

Elon Trump (ET) is a revolutionary meme coin that aims to unite the power of meme culture and the spirit of innovation under one banner. The project draws inspiration from the enigmatic figures of Elon Musk and Donald Trump, blending their influence and the meme-centric ethos into a cryptocurrency that is as engaging as it is powerful. With the vision of creating a meme coin that transcends the boundaries of traditional digital currencies, Elon Trump (ET) is poised to redefine the landscape of meme coins in the blockchain ecosystem.

### 1. Introduction

In the rapidly evolving world of cryptocurrencies, meme coins have emerged as a fascinating and influential force. These tokens, driven by the power of memes, have captured the imagination of the public and demonstrated the potential to achieve massive market capitalization. Elon Trump (ET) seeks to harness this potential by combining the meme culture's virality with the innovative spirit of Elon Musk and the energy of Donald Trump, to create a unique and powerful digital currency.

### 2. The Elon Trump (ET) Team

Our team consists of highly talented, intensely driven crypto nerds with extensive experience in building and leading successful ventures. Meme coins thrive on community and Elon Trump (ET) has an already established network that is thrilled about the ET future. Our team agrees that no other coin feels like home and we are establishing the same with our community. Collectively we are unstoppable, and with our team members residing in various time zones throughout the world, we have the ability to work around the clock. Just like crypto is 24/7, we are 24/7.

### 3. The Elon Trump (ET) Ecosystem

The Elon Trump (ET) ecosystem is built on a foundation of three core pillars: community, innovation, and engagement.

#### 3.1 Community

Elon Trump (ET) aims to foster a vibrant and inclusive community that is dedicated to the growth and development of the project. By leveraging social media and engaging with influencers, the project will create a strong network of supporters who will drive the adoption and expansion of the ET token.

#### 3.2 Engagement

Elon Trump (ET) will prioritize engaging with its community through regular events, contests, and giveaways. These initiatives will not only increase the visibility of the project but also foster a sense of belonging and loyalty among its supporters.

#### 4. Tokenomics

The ET token will be the lifeblood of the Elon Trump ecosystem. With a fixed supply of 2.1 Trillion tokens, ET will be distributed in a manner that promotes fairness and decentralization. The allocation of the ET tokens will be as follows:

- Total supply: 2,100,000,000,000.00
- Circulating supply: 992,137,500,000.00
  
- Angel Investors: 30.81%
- Seed Investors: 25.59%
- Fair Launch: 21.29%
- Dex listing: 10.32%
- Cex listing: 5%
- Community Airdrop: 0.5%
- Marketing: 4.24%
- Advisors: 2.25%

#### 5. Roadmap

The Elon Trump (ET) project will be developed and executed in phases, with each phase building upon the previous one to create a robust and sustainable ecosystem. The roadmap includes the following milestones:

- ❖ **Q2, 2024**
  - Launchpad Lunacy: Audit and launch on Solana
